Subject: Civic center Site Plan with Parking Allocation copy.pdf

Hello my name is David Cox
Managing member of IL Diamanté LLC
Owner of 601 -659 N Fairview Street, Santa Ana ,Ca 92703

I have received the below map and if you tap on it a display of colored areas pop up and indicate Blue and Red highlighted areas which indicate exclusive parking,

This map and diagram is NOT CORRECT, (ATTACHED)

There is a reciprocal parking agreement recorded on title and deeding non exclusive parking access unless described in the parking agreement,
The parking agreement appertains to the property , it runs in perpetuity.
There is no sunset,

My tenants have been parking in the Red and Blue areas of this map for decades and we have recorded deeded notarized rights to park within and throughout the civic center business park except where there are exclusions and this map does not reflect the exclusions

The parking agreement just cannot be taken away.

With That being said, I'm in support of the charter school provided they are able to provide ample parking for the project,

Some ideas of off site parking or a street diet or lane reduction on 5th street going from 4 lanes down to 2 and creating more parking. Or other creative ideas to make the project successful , so I support the charter school

But I feel obligated to point out that this map is incorrect and directly is an infringement on my property rights

Thank you for your consideration

Subject: Planning Commission

Dear Sirs,

This is in regards to Zoning Ordinance Amendment No. 2019-01 to amend the zoning district known as Specific Development No. 82 (SD-82) to allow schools to operate within the SD-82 zoning district.

I am the owner of 531 North Fairview St. Santa Ana. Currently we only have 3 parking spaces on the back of our building and 3 in the front, barely enough for our operation. When the Charter School comes to the buildings immediately behind ours, it definitely brings a lot more people. Parking is going to be a major problem. This is a serious concern. Thank you for your attention. john Shen

Subject: 2609 W. 5th Street - Revised Site Plan w/ Parking

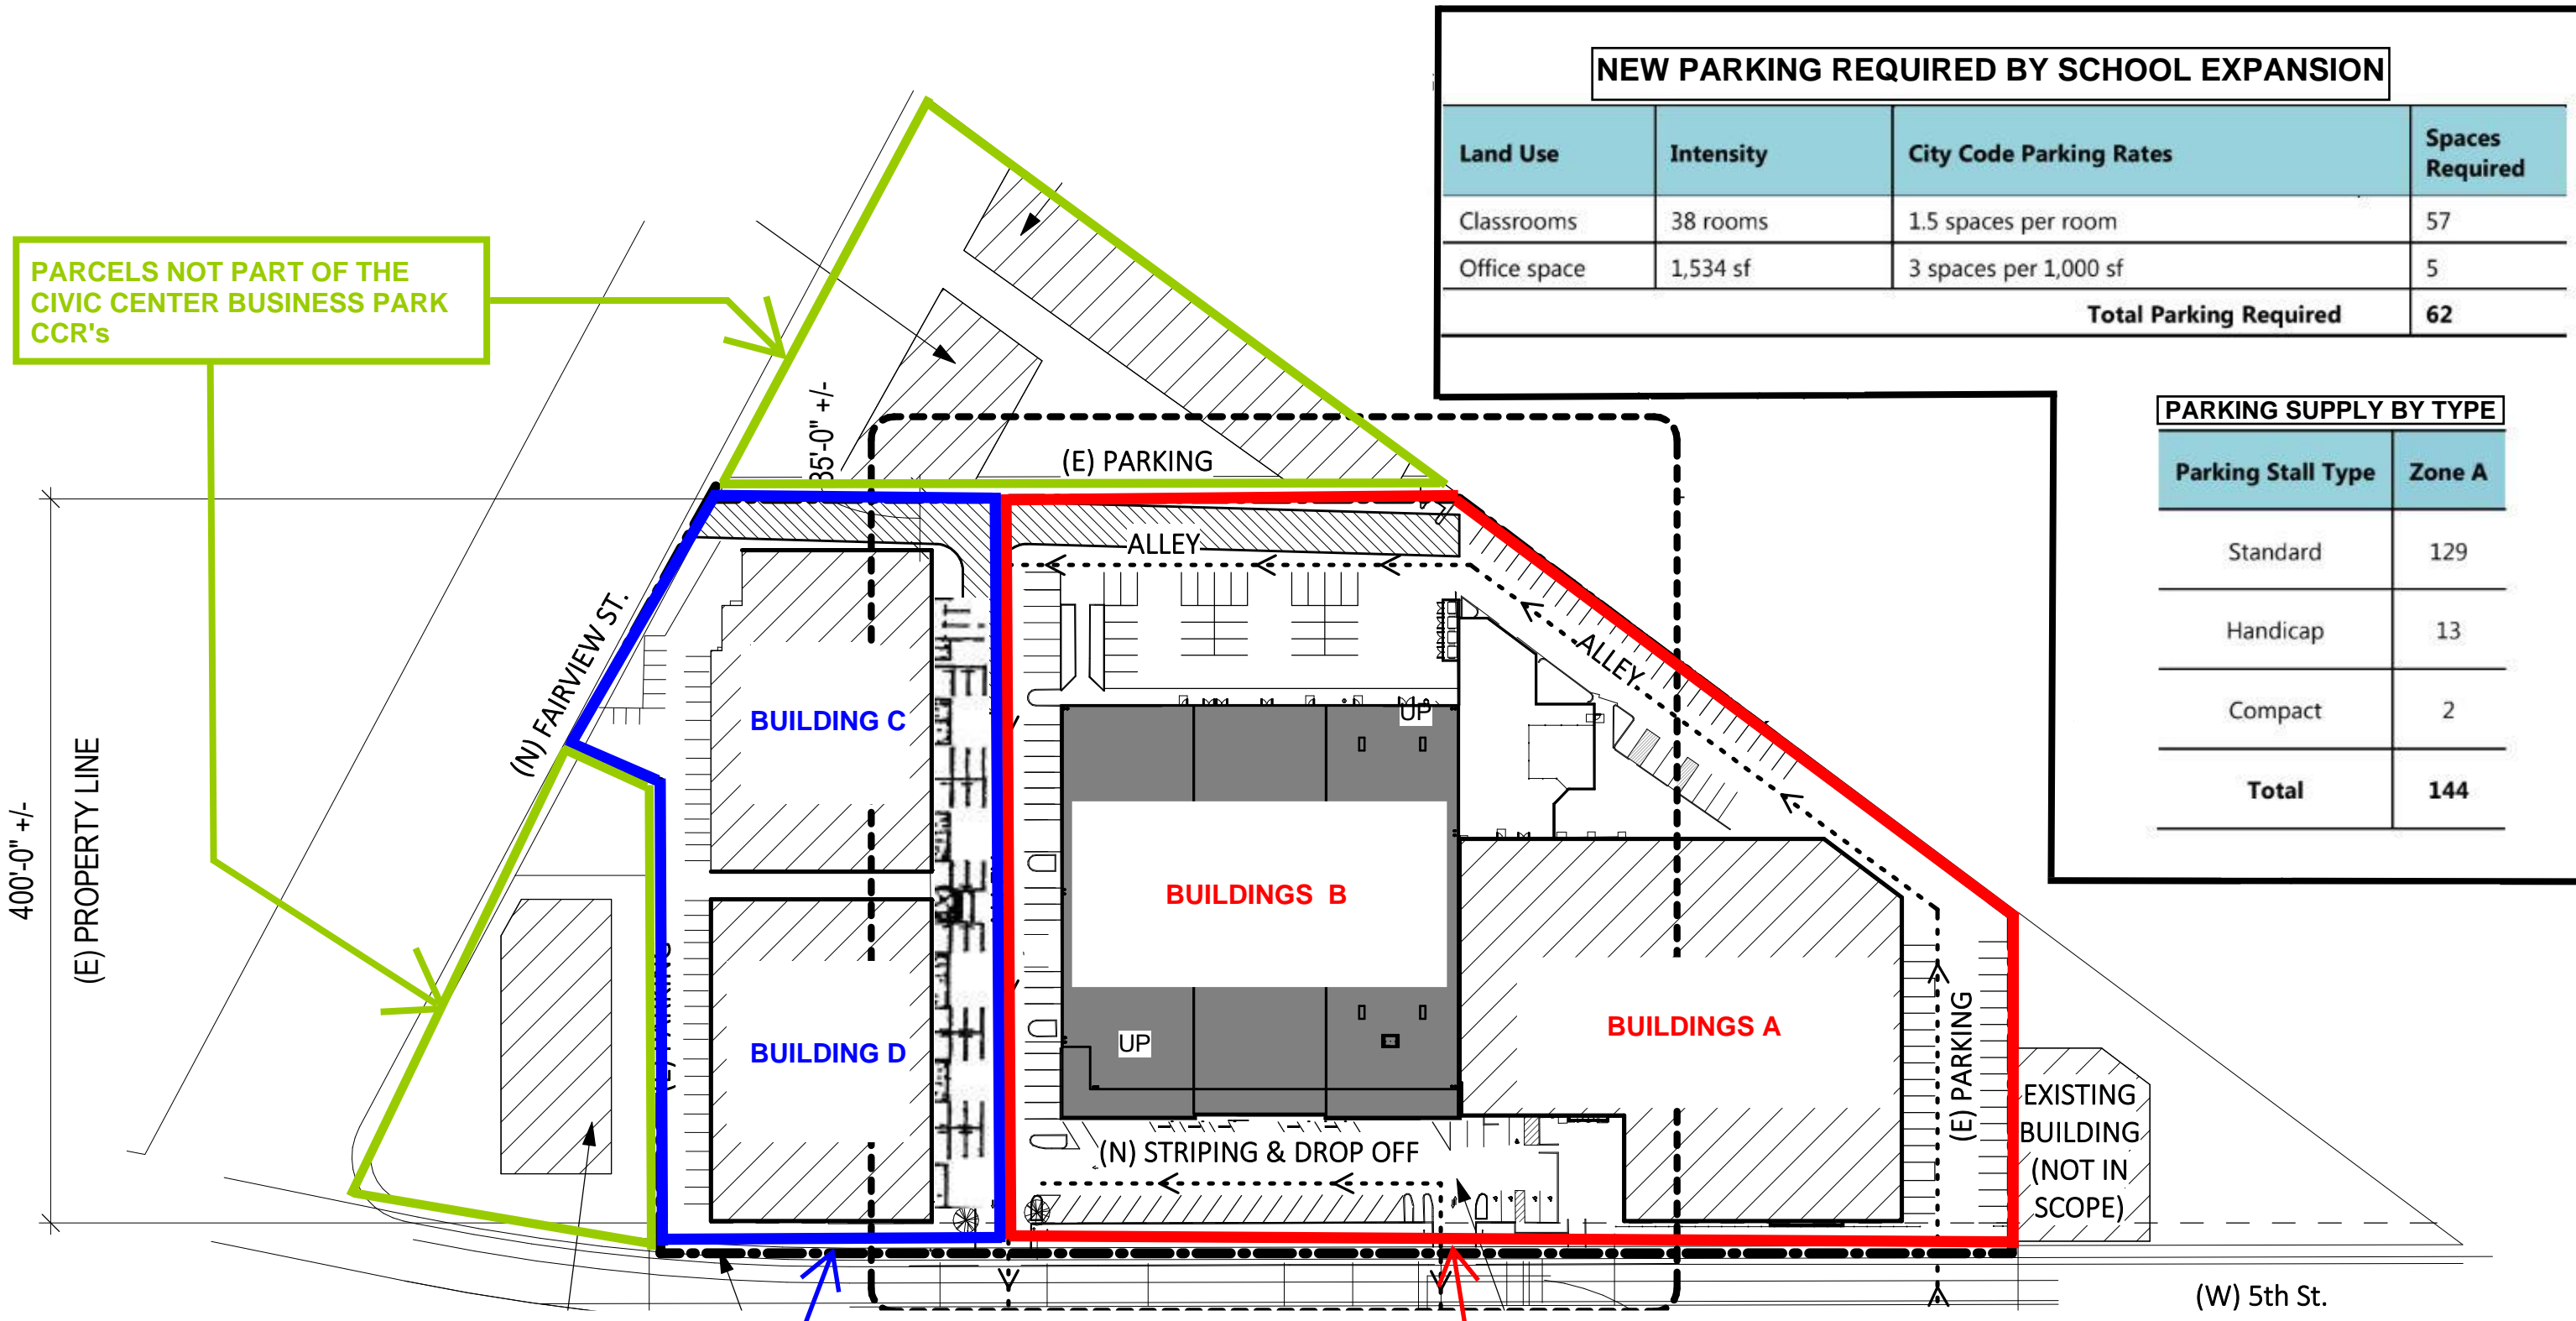

Hi Board, Hector and Vince,

Please see the attached site plan that was forwarded to me for review, which has several inaccuracies. It appears the drawing has marked in red exclusive use parking for the A&B buildings, and in blue for the C&D buildings, which is not how the use is set up for this property. All lots are held to the same Reciprocal Parking Easement Agreement recorded in July 1986 (see attached). As I recall Vince, you were the person that explained how important this agreement was to allow Templo to function on this site, as they do not have enough spaces to accommodate their parishioners without it and board of directors we had a brief discussion about it at our last meeting.

The 2nd Amendment to the CC&Rs was created for maintenance area. It has not changed the parking easement for any of the lots. Vince I have provided you a copy of the Reciprocal Agreement in person, but attached is another copy for your records. In addition it is a public record recorded in the County of Orange hall of records for anyone to obtain.

Regards,
Robin W. Owens

Subject: *****Concerns*****Vista Heritage Charter School expansion *****Concerns*****

This letter is directed to:

Board of directors for Santa Ana unified school District:

Valerie Amezcua, Rigo Rodriguez, Alfonso Alvarez, Cecilia Iglesias, John Palacio

Santa Ana city council members:

Jose Solorio, Michele Martinez, Vincent Sarmiento, Miguel Pulido, David Benavides, Sal Tinajero, Juan Villegas

Orange county Board of Education:

Beckie Gomez

My name is Barry Einck. I am a property owner within the Civic Center Business Park located at the corner of 5th and Fairview which is also the location of Vista Heritage Charter School (2609 W 5th St). Myself and the 12 other owners of this business park were given notice of the expansion. We have several grave concerns regarding the expansion, and how the children can be safely located on industrial park location.

We are looking for your assistance in protecting the children of this community and our industrial park from the safety concerns and negative impacts this expansion will cause. The safety of the children in such close proximity to industrial businesses and automotive repair facilities is an alarming concern for us as owners, and how the expansion will severely impact the way we all conduct our businesses. Our concern also relates to such a large proposed increase in a student population to include elementary age kids to occupy a commercial property with minimal to no sidewalks and no perimeter safeguards to ensure our daily operations of this industrial park. The livelihood of the small business owners will be greatly impacted due to the school expansion.

This expansion poses a greater safety concern by introducing a much younger population into an overcrowded industrial park with heavy traffic from tow trucks, semi trucks, forklifts, chemical use, etc. Daily. The proposed increase in volume of students will not only impede the flow of traffic for the established businesses but adds to the already on except a bowl liability the owners have expressed about having this industrial park turned into a mixed use development.

To better familiarize yourself with the complete situation here is a brief history of the commercial Park.

In the late 1980s early 1990s the City of Santa Ana wanted the previous location Templo Calvario occupied in downtown Santa Ana for redevelopment. The city assisted Templo Calvario to move to its current location and the Civic Center

Business Park at the corner of fifth and Fairview. During the next several decades that followed, Templo Calvario continue to grow and purchase several more units within the business park. After decades of expansion and little attention to zoning, Templo Calvario proposed additional expansion plans in 2008. At that time, Santa Ana City Planning decided to rezone the commercial property to include the church in the zoning. When the city of Santa Ana rezoned this lot from M1 to SD82, there was a shortage of several hundred parking spots to meet the current code. In an attempt to remedy this lack of parking, the city of Santa Ana created a variance to allow for this large shortage of parking (#2008-04). This variance did not fix or address the problem, it just pushed it to the existing owners of the other businesses on this lot and surrounding property owners. There was a level of tolerance by the business owners to the Templo Calvario church because much of the volume was on the weekend when many of the businesses were not open. However, allowing a school to operate on this property has put the industrial owners in direct competition with the school for parking on a daily and hourly basis even without the proposed expansion.

Concerns for children's safety

Due to the "deeded reciprocal common area owned interest" of all the owners, the proposed property cannot provide proper planning or concern regarding safety for the children. Due to this "common owned interest" very few safeguards can be implemented/installed to protect the children from tow trucks, delivery semi trucks, forklifts and commercial business operations in the immediate vicinity of children.

A tour of any elementary school in all of Orange County the amount of safety measures that are being installed/implemented far surpass any proposed plans for Vista Heritage.

As I stated above, this industrial park is an association and owned in common by all owners. The CC&R's Will not permit the use of common area property for one individual usage. The parking lots or driveways cannot be fenced off or used for purposes that infringe on other owners like what is currently being done. These rights are deeded to every owner of this property and are bound by a recorded "Receptacle Parking Agreement"

The current school has coned off areas for PE and playground usage as well as cone off the entire perimeter of the building for student traffic and PE activities. All of which are in violation of the Recorded Reciprocal Parking Agreement as well as pose a danger due to conducting this in an area with heavy commercial business traffic.

In closing, I would like to indicate that I have been told by city planning and the developers that there is precedence established since there has been a "school" on this site for decades. Unfortunately this is a misleading statement. The school they are referring to has been primarily at church preschool. At the best estimation the preschool has been caring for maybe 50 preschoolers. This is completely different from what is being proposed.

Thank you for your time and I look forward to any potential help you may be able to offer in this matter. Please feel free to call me at 714- [REDACTED]

Regards,

Barry Einck

**PROJECT : PROPOSED SCHOOL EXPANSION PROJECT.
OF VISTA GLOBAL CHARTER ACADEMIES**

DEAR SIRs,

Expansion school is good for kids and for their education. Bu we found that there is not enough car parking in this business park and it is dangerous for kids to walk around parking areas. Sorry we do not agree school expansion here.

Sincerely,

Long Pham

Support Letter

Project: Vista Global Charter Academies

Location: 2nd Floor Conference Room - 2609 W. 5th Street, Santa Ana, CA 92703

Dear Santa Ana City Councilmen and Planning Commissioners:

I am an owner(tenant) of the Civic Center Business Park located at the corner of North Fairview and West 5th Street. My business is located at 515 N. Fairview in the Business Park and I have met with representatives of Red Hook Capital Partners and Vista Global Academies regarding the proposed expansion of Vista Global Academies into the adjacent spaces at 2601 and 2617 W. 5th Street and the proposed zoning amendment to include "educational" as a conditionally permitted use for the Business Park area- Specific Plan (SD-82).

I have been briefed about the expansion and how the school will operate, including the proposed drop off and pick up operations and I am satisfied that the expansion will not impact my business activities. Therefore, I am supportive of the proposed expansion and the zoning amendment to add an educational use.

Thank you,

Not agree -

Artesia-Pilar Neighborhood Association
Subject: Project Support Letter
Project: Vista Global Charter Academies Campus Expansion

Dear Santa Ana City Councilmen and Planning Commissioners:

On behalf of the Artesia-Pilar Neighborhood Association, we have received briefings from the Applicant for the Conditional Use Permit and Zoning Amendment for the proposed Vista Global Academies Campus Expansions to be located at 2601, 2609, and 2617 W. 5th Street, Santa Ana, CA 92703. Vista Global Academies Campus Expansion includes the addition of 27 classrooms, a cafeteria, multi-purpose room, restrooms, office areas and conference rooms. The Applicant also provided information describing how the student pick-up and drop off is to be conducted, and that ingress and egress will be restricted to West Fifth Street. Based on the information provided, the Association is supportive of the project.

Thank you,
