Subject: Planning Commission

I have received a notice of Public Hearing for the planning commission. Concerning the property of 1619 East Edinger which is across from my business. Having been here for a few years, I have rarely noticed many cars in the front part of the business (facing East Edinger). With parking available on the side of their business, I feel that a 26% reduction in their parking would not be an issue. I am speaking based on my view of what I have seen and no one has contacted me to speak for or against this project.

Thank you,

John Claycomb
