Dear Planning Commission Members,

On behalf of the members of the Engineering Contractors’ Association, we respectfully urge you to vote for further approvals for the “3rd and Broadway” Project, including the requested Density Bonus Agreement, and Site Plan Review applications.

This is an important step toward the advancement of the overall project, enhancing the appeal of the entire area with a balanced set of priorities, and providing for hundreds of construction career opportunities for local area workers.

As leaders in the construction industry in Southern California, we wish to express appreciation for your hard work, and urge your continued support for the “3rd and Broadway” Project.

Sincerely,

Ray M. Baca
