NOTICE OF PUBLIC HEARING BEFORE THE SANTA ANA PLANNING COMMISSION

The City of Santa Ana encourages the public to participate in the decision-making process. We encourage you to contact us prior to the Public Hearing if you have any questions.

Planning Commission Action Items -

The Planning Commission will hold a Public Hearing at a regular meeting to receive public testimony and will make a recommendation on the items described below. Their recommendation will be forwarded to the City Council at a later date for final determination.

Project Location: The City of Santa Ana, encompassing 27.3 square miles in Central Orange County.

Project Applicant: City of Santa Ana

Proposed Project:

The Planning Commission of the City of Santa Ana will hold a public hearing to consider action on the comprehensive update of the City's General Plan. The eleven elements of the General Plan Update will provide a long-term policy direction and communicate the vision and values for the next 25 years, through 2045. The General Plan goals and policies will guide the City's physical development, fiscal and environmental sustainability, and overall quality of life for the community. Five Focus Area identified for potential change and new growth are include South Main

Street, Grand Avenue/17th Street, West Santa Ana Boulevard, 55 Freeway/Dyer Road, and South Bristol Street. The total long-term potential growth within these Focus Areas is estimated at 17,575 new housing units, 2,263,130 non-residential building square footage and 6,616 jobs. In order to facilitate the project, the City is requesting (1) certification of Final Environmental Impact Report (EIR) No. 2020-03 (SCH No. 2020029087), including environmental findings of fact pursuant to the California Environmental Quality Act (CEQA) and adoption of a Statement of Overriding Considerations and of a Mitigation Monitoring and Reporting Program; and, (2) approval of General Plan Amendment (GPA) No. 2020-06 for the comprehensive update to the General Plan.

Environmental Impact:

In accordance with the California Environmental Quality Act (CEQA), Environmental Impact Report Review No. 2020-03 was prepared for the project to analyze the potential impacts of the project and identify measures to mitigate the environmental effects. The Draft EIR indicates there may be significant unavoidable adverse environmental impacts associated with the following environmental categories: Air Quality, Cultural Resources (historic resources), Greenhouse Gas Emissions, Noise, and Population and

Housing (population growth). Upon compliance with regulatory requirements and recommended mitigation measures (as appropriate), all other environmental impacts were found to be less than significant.
