**Date:** Sunday, November 08, 2020 6:13:40 PM

---

Regarding Monday night's planning commission meeting. We are very concerned about the medium to high density apartments of 3-5 stories on Grand Ave from the 22 FWY to 2<sup>nd</sup> street, while at the same time having no additional parkland? We understand that this could add 1,000 people to the area which is already heavily impacted. We hope that the Planning Commission can develop a plan that would be more suitable to the area and add parkland.

Thank you for your time,
