BUSINESS CALENDAR

Public Hearing: *The Zoning Administrator's decision is final unless appealed within 10 calendar days. Legal Notice was published in the Orange County Reporter on December 17, 2021 and notices were mailed on December 15, 2021 .*

1. Tentative Parcel Map No. 2021-04 (County Map No. 2021-144) – Ivan Orozco, Case Planner

Project Location: 1513 W. Civic Center Drive

Project Applicant: Saul Delgado representing 1513 Civic Center, LLC

Proposed Project: The applicant is requesting approval of Tentative Parcel Map No. 2021-144 to subdivide an existing 0.84-acre (36,666 square feet) lot into four (4) single-family lots, each ranging from 8,223 square feet to 11,782 square feet in size. Each lot will be developed with a single-family residence and either a single accessory dwelling unit or with two accessory dwelling units, one of which is recognized as a junior unit.

Environmental Impact: The Zoning Administrator will consider a determination that the project is exempt from further review pursuant to Section 15315 (Class 15) of the CEQA Guidelines (Minor Land Divisions) because the project involves the division of a residential zoned property in an urbanized area into four or fewer parcels, in conformance with the General Plan and zoning. Based on this analysis, Notice of Exemption, Environmental Review No. 2021-21 will be filed for this project.

Recommended Action: Adopt a resolution approving Tentative Parcel Map No. 2021-04 (County Map No. 2021-144) as conditioned.

*****END OF BUSINESS CALENDAR*****

COMMENTS

ADJOURNMENT

WRITTEN COMMENTS

You are invited to submit a written comment in one of the following ways:

- **E-mail** PBAComments@santa-ana.org and reference the topic in the subject line.
- **Mail** to Christina Leonard, Acting Recording Secretary, City of Santa Ana, 20 Civic Center Plaza – M20, Santa Ana, CA 92701.

Deadline to submit written comments is 8:00 a.m. on the day of the meeting. Comments received after the deadline may not be distributed to the Zoning Administrator but will be made part of the record.

APPEAL INFORMATION

The formal action by the Zoning Administrator shall become effective after the ten-day appeal period. An appeal from the decision or requirement of the Zoning Administrator may be made by any interested party, individual, or group. The appeal must be filed with the Clerk of the Council, accompanied by the required filing fee, and a copy sent to the Planning Department, within ten days of the date of the Zoning Administrator's action, by 5:00 p.m. If the final day to appeal falls on a City Hall observed holiday or a day when City hall is closed, the final day to appeal shall be extended to the next day City Hall is open for public business. Please note: Under California Government Code Sec. 65009, if you challenge in court any of the matters on this agenda for which a public hearing is to be conducted, you may be limited to raising only those issues which you (or someone else) raised orally at the public hearing or in written correspondence received by the Zoning Administrator, Planning Commission, or City Council at or before the hearing.

City of Santa Ana
20 Civic Center Plaza, Santa Ana, CA 92701
Zoning Administrator Staff Report
December 22, 2021

Topic: Tentative Parcel Map No. 2021-04 - 1513 Civic Center 4-Lot Subdivision

RECOMMENDED ACTION

Adopt a resolution approving Tentative Parcel Map No. 2021-04 (County Map No. 2021-144) as conditioned.

EXECUTIVE SUMMARY

Saul Delgado, representing 1513 Civic Center, LLC, is requesting approval of a tentative parcel map to subdivide an existing 0.84-acre parcel into four new residential lots at 1513 West Civic Center Drive. Applications for residential subdivisions of fewer than five parcels require approval of a parcel map by the Zoning Administrator pursuant to Section 34-126 of the Santa Ana Municipal Code (SAMC). Staff is recommending approval of the subdivision because the tentative parcel map is consistent with the California Subdivision Map Act and Chapter 34 of the SAMC.

DISCUSSION

Project Description

The property currently consists of three separate structures and a large empty portion of the property to the west. The project entails the subdivision of a property into four residential parcels to facilitate the construction of four single-family dwellings and accessory dwelling units on each of the new lots. Upon completion of the project, each lot will consist of a combination of a single-family residence and either a Junior Accessory Dwelling Unit (JADU) or Accessory Dwelling Unit (ADU), or both. The existing parcel provides a frontage along Civic Center Drive to the south and along West Ninth Street to the north. The Three structures consist of a duplex structure, an existing craftsman style single-family residence, and a detached three-car garage. The new lots will range from 8,216 square feet to 11,604 square feet in size. The size of each home will range from 1,137 to 2,010 square feet.

The proposed development for Lot No. 1 consists of modifying an existing duplex structure by demolishing the two attached single-car garages located between the residential units and converting the front portion to a single-family residence and the rear portion to a detached ADU. A new detached two-car garage will be constructed at the rear of the property in order to meet the R-1 zoning district development standards for parking. Lot No. 2 currently has a Craftsman Style single-family residence and a detached three-car garage. The only alteration for the home will be to shorten the length of the porch located at the east in order to provide a five-foot side yard setback to the new property line. The proposed attached JADU, the detached garage, and the detached ADU will also be constructed in a Craftsman Style in order to meet the requirements listed in the Citywide Design Guidelines.

Finally, the development for Lot No. 3 and Lot No. 4 will be completely new construction, as this portion of the existing parcel is currently vacant. Both lots will be developed with a two-story single-family structure that houses an attached JADU on the second floor and a two-car garage that is accessible through a long driveway. Additionally, each lot will have a detached ADU with an attached one-car garage. The garage is not required per the ADU Ordinance, but was included to provide additional parking options for the residents.

Table 1: Project and Location Information

Item	Information	
Project Address and Council Ward	1513 West Civic Center Drive – Ward 5	
Nearest Intersection	Civic Center Drive and Pacific Avenue	
General Plan Designation	Low Density Residential (LR-7)

Lot coverage	35% max of lot	Complies	Complies	Complies	Complies

Project Background

The existing craftsman-style single-family residence was constructed in 1925 while the detached three car-garage was constructed in 1937. According the City records, the duplex structure was not constructed until 1966. Since the original date of construction for the structures mentioned above, no other permits have been issued for major construction; including additions or other accessory structures.

In February 2021, an application was submitted to process a parcel map subdivision to an existing parcel located at 1513 West Civic Center Drive. The application was then processed through the City's Development Review Committee, and after several formal and informal re-submittals the design was approved in November of 2021. Subsequently, the applicant submitted the subject subdivision application to approve a parcel map in order to subdivide the existing lot into four parcels.

Project Analysis

Subdivision requests are governed by Chapter 34 and Chapter 41 of the SAMC. Pursuant to Section 66473.5 and 66474 of the California Subdivision Map Act, applications for tentative parcel maps are approved when it can be shown that findings can be made in support of the request. Specifically, the findings are related to the proposal being consistent with the General Plan; that the site is in conformance with all applicable City ordinances; the project site is physically suitable for the type and density of the proposed project; the proposed project will not cause substantial environmental damage or substantially and avoidably injure fish and wildlife or their habitat; that the proposed project will not cause serious public health problems; or that the proposed

project will not conflict with easements necessary for public access through or use of the property must be made. Using this information staff has prepared the following analysis, which, in turn forms the basis for the recommendation contained in this report. In analyzing the applicant's request, staff believes that the following analysis warrants approval of the tentative parcel map (Exhibit 6).

The applicant is seeking approval of a tentative parcel map to subdivide an existing parcel of land into four lots. Upon completion of the subdivision, the lots will continue to be utilized for residential use in the form of single-family structures and accessory dwelling units, subject to the Accessory Dwelling Unit Ordinance. Since this application is to subdivide a lot and approve a conceptual design of the new single-family homes, no major issues were identified with the proposal since the design and site improvements did not require additional discretionary approvals. In reviewing the project, staff determined that the proposal as conditioned is consistent with the various provisions of the City's Zoning Code and General Plan, including lot size, lot frontage, setbacks, lot coverage, and parking. Further conditions of approval have been included to ensure that the site's landscaping will be in compliance with current residential standards and to ensure the construction of new block walls around the perimeter of the new parcels. The subdivision has been found to be consistent with the development pattern of the adjacent properties. Further, no adverse environmental impacts to fish or wildlife populations were identified as the project site is located in a built-out, urbanized area. Finally, the tentative parcel map was found to be consistent with the California Subdivision Map Act and Chapter 34 of the Municipal Code.

Public Notification and Community Outreach

Project notifications were posted, published, and mailed in accordance with City and State regulations. Copies of the public notice, including a 500-foot notification radius map, and the site posting are provided in Exhibit 7. At the time this report was printed, no areas of concern were raised, nor had any correspondence, either written or electronic, been received from any members of the public. The Artesia-Pilar Neighborhood Association representatives were contacted to identify any areas of concern due to the proposed fence. At the time this report was printed, no issues of concern were raised regarding the proposed subdivision.

ENVIRONMENTAL IMPACT

Pursuant to the California Environmental Quality Act (CEQA) and the CEQA Guidelines, the project is exempt from further review pursuant to Section 15315 (Class 15) of the CEQA Guidelines (Minor Land Divisions) because the project involves the division of a residential zoned property in an urbanized area into four or fewer parcels, in conformance with the General Plan and zoning. Based on this analysis, Notice of Exemption, Environmental Review No. 2021-21 will be filed for this project.

FISCAL IMPACT

There is no fiscal impact associated with this action.

RESOLUTION NO. 2021-XXX

A RESOLUTION OF THE ZONING ADMINISTRATOR OF THE CITY OF SANTA ANA APPROVING TENTATIVE PARCEL MAP 2021-04, AS CONDITIONED, TO ALLOW THE SUBDIVISION OF AN EXISTING PARCEL INTO FOUR LOTS AT 1513 WEST CIVIC CENTER DRIVE

BE IT RESOLVED BY THE ZONING ADMINISTRATOR OF THE CITY OF SANTA ANA AS FOLLOWS:

Section 1. The Zoning Administrator of the City of Santa Ana hereby finds, determines, and declares as follows:

- A. Saul Delgado (“Applicant”), representing 1513 Civic Center, LLC, is requesting approval of Tentative Parcel Map No. 2021-04 to allow the subdivision of an existing parcel into four lots at 1513 West Civic Center Drive.
- B. Santa Ana Municipal Code (“SAMC”) Section 34-126 requires approval of a Tentative Parcel Map by the Zoning Administrator.
- C. On December 22, 2021, the Zoning Administrator held a duly noticed public hearing on Tentative Parcel Map No. 2021-04.
- D. The Zoning Administrator of the City of Santa Ana determines that the following findings, which must be established in order to approve this Tentative Parcel Map pursuant to Santa Ana Municipal Code (SAMC) Section 34-126 and the State Subdivision Map Act, have been established for Tentative Parcel Map No. 2021-04:
 1. That the proposed project, as conditioned, and its design and improvements are consistent with the Low Density Residential (LR-7) designation of the General Plan and are otherwise consistent with all other elements of the General Plan.

The proposed project, as conditioned, and its design and improvements will be consistent with the existing Low Density Residential (LR-7) land use designation of the General Plan and are otherwise consistent with all other elements of the General Plan and any applicable specific plans. The proposed subdivision of land will create four parcels that will remain consistent with the various provisions of the General Plan, including the maximum allowable density units per acre. The conceptual design of the new residential structures will meet all development standards of the Single-Family Residential (R-1) zoning designation stated in SAMC Section 41-231.

2. That the proposed project, as conditioned, conforms to all applicable requirements of the zoning and subdivision codes as well as other applicable City Ordinances.

The proposed project, as conditioned, will conform to all applicable requirements of the zoning and subdivision codes as well as other applicable City ordinances. The proposed project, as conditioned, conforms to the residential land use provisions of the zoning code that pertain to lot size, lot frontage, landscaping, setbacks, lot coverage, and parking; by doing so, each one of the four parcels and the construction within the parcels guarantee conformance to all single-family residential standards of the SAMC.

3. That the proposed site is physically suitable for the type and density of the proposed project.

The project site is physically suitable for the type and density of the proposed project. The proposed project consists of the subdivision of the parcel into four lots, with new construction proposed shortly after approval of the map. The proposed single-family dwellings and accessory dwelling units will be located on one of the four parcels, compliant with all applicable development standards. The proposed lots will meet the minimum size requirements and will be consistent to the development patterns of the adjacent properties.

4. That the design and improvements of the proposed project will not cause substantial environmental damage or substantially and avoidably injure fish and wildlife or their habitat.

The design and improvements of the proposed project will not cause substantial environmental damage or substantially and avoidably injure fish and wildlife or their habitat. Since the project site is located in an urbanized area, there are no known fish or wildlife populations existing on the project site. Therefore, the proposed subdivision will not cause any substantial environmental damage or substantially and avoidably injure fish and wildlife or their habitat.

5. That the design or improvements of the proposed project will not cause serious public health problems.

The design or improvements of the proposed project will not cause serious public health problems, with the proposed subdivision not having any detrimental effects upon the public. Each property will include the necessary utilities and infrastructure improvements as required under Development

6. That the design or improvements of the proposed project will not conflict with easements necessary for public access through or use of the property within the proposed project.

The design or improvements of the proposed project will not conflict with easements necessary for public access through or use of the property within the proposed project since the existing and recorded easements for the property have been considered as part of the review. The perpetual easement for pipelines in Book 500, Page 12, of the Official Records, granted to the Santa Ana Valley Irrigation Company, and the existing easement granted to the City of Santa Ana as a perpetual easement for street purposes in Book 7606, Page 58, will be recorded under the new subdivision. The subdivision consists of four parcels, three of which will provide frontage along West Civic Center Drive and the fourth parcel will provide frontage on West Ninth Street. The installation of all utilities will conform with the requirements stated in Section 41-626 of the Santa Ana Municipal Code. The conceptual design of all proposed construction for the property will not affect the right-of-way for road purposes.

Section 2. In accordance with the California Environmental Quality Act (CEQA) and the CEQA Guidelines, the project is categorically exempt from further review per Section 15315 (Class 15 – Minor Land Divisions). Class 15 exemption allows for the division of property in urbanized areas zoned for residential use into four or fewer parcels when the division is in conformance with the General Plan and zoning, no variances or exceptions are required, all services and access to the proposed parcels to local standards are available, the parcel was not involved in a division of a larger parcel within the previous 2 years, and the parcel does not have an average slope greater than 20 percent. As proposed, the project will not require additional discretionary approval for the construction of the new residential structures. The existing Single-Family Residential (R-1) zoning designation and Low-Residential (LR-7) General Plan Land Use designation are consistent and require no further modification. Based on this analysis, Notice of Exemption, Environmental Review No. 2021-21 will be filed for this project.

Section 3. The Applicant shall indemnify, protect, defend and hold the City and/or any of its officials, officers, employees, agents, departments, agencies, authorized volunteers, and instrumentalities thereof, harmless from any and all claims, demands, lawsuits, writs of mandamus, referendum, and other proceedings (whether legal, equitable, declaratory, administrative or adjudicatory in nature), and alternative dispute resolution procedures (including, but not limited to arbitrations, mediations, and such other procedures), judgments, orders, and decisions (collectively “Actions”), brought against the City and/or any of its officials, officers, employees, agents, departments, agencies, and instrumentalities thereof, that challenge, attack, or seek to modify, set

aside, void, or annul, any action of, or any permit or approval issued by the City and/or any of its officials, officers, employees, agents, departments, agencies, and instrumentalities thereof (including actions approved by the voters of the City) for or concerning the project, whether such Actions are brought under the Ralph M. Brown Act, California Environmental Quality Act, the Planning and Zoning Law, the Subdivision Map Act, Code of Civil Procedure sections 1085 or 1094.5, or any other federal, state or local constitution, statute, law, ordinance, charter, rule, regulation, or any decision of a court of competent jurisdiction. It is expressly agreed that the City shall have the right to approve the legal counsel providing the City's defense, and that Applicant shall reimburse the City for any costs and expenses directly and necessarily incurred by the City in the course of the defense. City shall promptly notify the Applicant of any Action brought and City shall cooperate with Applicant in the defense of the Action.

Section 4. The Zoning Administrator of the City of Santa Ana, after conducting the public hearing, hereby approves Tentative Parcel Map No. 2021-04, as conditioned in Exhibit A, attached hereto and incorporated herein, for the property located at 1513 West Civic Center Drive. This decision is based upon the evidence submitted at the above-referenced hearing, including but not limited to: The Request for Zoning Administrator Action dated December 22, 2021, and exhibits attached thereto; and the public testimony, written and oral, all of which are incorporated herein by this reference.

ADOPTED this 22nd day of December, 2021 by the Zoning Administrator.

Melanie McCann, AICP
Zoning Administrator

CERTIFICATE OF ATTESTATION AND ORIGINALITY

I, CHRISTINA LEONARD, Acting Recording Secretary, do hereby attest to and certify the attached Resolution No. 2021-XXX to be the original resolution adopted by the Zoning Administrator of the City of Santa Ana on December 22, 2021.

Date: _____

Acting Recording Secretary
City of Santa Ana

EXHIBIT A

Conditions of Approval for Tentative Parcel Map No. 2021-04

Tentative Parcel Map No. 2021-04 is approved subject to compliance, to the reasonable satisfaction of the Planning Manager, with all applicable sections of the Santa Ana Municipal Code, the California Administrative Code, the California Building Standards Code and all other applicable regulations.

The Applicant must comply in full with each and every condition listed below prior to exercising the rights conferred by this approval.

The Applicant must remain in compliance with all conditions listed below throughout the life of the tentative parcel map. Failure to comply with each and every condition may result in the revocation of the tentative parcel map.

1. All proposed site improvements must conform to the Site Plan Review approval of DP No. 2021-07 and Tentative Parcel Map No. 2021-04.
2. Any amendment to this tentative parcel map, including modifications to approved materials, finishes, architecture, site plan, landscaping, parking, and square footages, must be submitted to the Planning Division for review. At that time, staff will determine if administrative relief is available or if the site plan review must be amended.
3. Two copies of the recorded final parcel map shall be submitted each to the Planning Division, Building Division and Public Works Agency within 10 days of recordation.
4. The tentative parcel map and final map must include information and description of the existing easements for the property. Said easements include the pipelines easement in Book 500, Page 12, of the Official Records, granted to the Santa Ana Valley Irrigation Company, and the existing easement granted to the City of Santa Ana as a perpetual easement for street purposes in Book 7606, Page 58, of the of the Official Records.
5. The tentative parcel map, final map and all improvements required to be made or installed by the subdivider shall be done in accordance with the requirements and design standards and specifications of the City of Santa Ana Municipal Code and the requirements of the State Subdivision Map Act.
6. The final map must be approved and recorded prior to issuance of building permits.
7. Once the final map is recorded and prior to issuance of building permit, each proposed residence must submit separate sets of plans for each new single-family residence to the City for review and approval. Each residence must conform to applicable development and design standards for single-family residences, including but not limited to, massing, window placement, and prevailing setbacks.

8. Prior to building permit issuance of the proposed new single-family residences, the applicant will submit a formal landscape plan for staff review.
9. Applicant must construct a minimum six-foot high perimeter block wall for the side and rear property lines for the proposed parcels.

NOTICE OF PUBLIC HEARING BEFORE THE SANTA ANA ZONING ADMINISTRATOR

The City of Santa Ana encourages the public to participate in the decision-making process. We encourage you to contact us prior to the Public Hearing if you have any questions.

Zoning Administrator Action: The Zoning Administrator will hold a Public Hearing to receive public testimony, and will take action on the item(s) described below. The Zoning Administrator's decision is final unless appealed within 10 calendar days.

Project Location: 1513 W. Civic Center Drive

Project Applicant: Saul Delgado representing 1513 Civic Center, LLC

Proposed Project: The applicant is requesting approval of Tentative Parcel Map No. 2021-144 to subdivide an existing 0.84-acre (36,666 square feet) lot into four (4) single-family lots, each ranging from 8,223 square feet to 11,782 square feet in size. Each lot will be developed with a single-family residence and either a single accessory dwelling unit or with two accessory dwelling units, one of which is recognized as a junior unit.

Environmental Impact: The Zoning Administrator will consider a determination that the project is exempt from further review pursuant to Section 15315 (Class 15) of the CEQA Guidelines (Minor Land Divisions) because the project involves the division of a residential zoned property in an urbanized area into four or fewer parcels, in conformance with the General Plan and zoning. Based on this analysis, Notice of Exemption, Environmental Review No. 2021-21 will be filed for this project.

Meeting Details: The City has resumed in-person meetings. This matter will be heard on **Wednesday, December 22, 2021 at 10:30 a.m.** at City Hall, 20 Civic Center Plaza, Ross Annex Conference Room 1600, Santa Ana, California 92701. All persons interested in this matter are notified to appear at this time.

Written Comments: If you are unable to participate in this in-person meeting, you may send written comments by e-mail to PBAdComments@santa-ana.org (reference the agenda topic in the subject line) or mail to Christina Leonard Recording Secretary, City of Santa Ana, 20 Civic Center Plaza – M20, Santa Ana, CA 92701. **Deadline to submit written comments is 8:00 a.m. on the day of the meeting.** Comments received after the deadline may not be distributed to the Zoning Administrator but will be made part of the record.

Where To Get More Information: Additional details regarding the proposed action(s), including the full text of the discretionary item, may be found on the City website 72 hours prior to the public hearing at: <https://santa-ana.primegov.com/public/portal>

Who To Contact For Questions: Should you have any questions, please contact Ivan Orozco with the Planning and Building Agency at lorozco@santa-ana.org or (714) 667-2763.

Note: If you challenge the decision on the above matter, you may be limited to raising only those issues you or someone

else raised at the public hearing described in this notice, or in written correspondence delivered to the Zoning Administrator, Planning Commission or City Council of the City of Santa Ana at, or prior to, the public hearing.
